Ripon CA, 95366

Dear Mr. Burrow,

I was drawn to your job posting for a full time financial advisor. I believe that my experience, determination, and work ethic would be ideal for this position. This would be an incredible opportunity for me to work alongside you and your team to benefit your successful business and help your clients live well.

I graduated from Stanford University in 2012, earning a bachelor's degree majoring in finance and graduating top of my class. I then pursued the financial advisory career path. I interned with the company Morgan Stanley over the summer of 2013 and it opened my eyes to many new possibilities in my field of work. My first official job was with the company Raymond James. While working with Raymond James I learned the ins and outs of finance and I hope to be able to put this knowledge to use alongside your team at Sierra Ocean.

With myself I would bring my skills to further benefit your business making it even more effective than it already is. I am excited to be able to work with fellow financial advisors so that I can attain new knowledge and get better at what I love to do. It would be an incredible opportunity to be able to work with you and your team. I look forward to meeting you. Thank you in advance for your consideration.

Sincerely,

Kade Nelson
